CLAIM FOR VETERAN'S WAIVER OF LICENSE FEES

California State law (Business and Professions Code 16102) exempts certain qualifying veterans who sell tangible goods from paying business license, state ADA fees, or late fees. Additionally, to encourage establishment of veteran-owned service-related businesses in the unincorporated area of Sacramento County, the Board of Supervisors approved an exemption for qualifying veteran General Business License applicants that provide services. ***The \$4 State ADA fee and any late fees are not waived on a service-related General Business License.***
