4        **IN THE HOUSE OF REP-**  
5        **RESENTATIVES**

6        **SEC. 5001. POLICY STATEMENT ON ECONOMIC GROWTH.**

7        *(a) FINDINGS.—The House finds the following:*

8                *(1) The rate of economic growth has a signifi-*  
9                *cant impact on budget deficits. When the rate of gross*  
10               *domestic product (GDP) increases, projected revenue*  
11               *grows with it and deficits decline. Conversely, slower*  
12               *GDP growth can lead to lagging revenues and mount-*  
13               *ing deficits.*

14               *(2) Federal policies affect the economy's potential*  
15               *to grow and impact economic performance, influ-*  
16               *encing budgetary outcomes. Consequently, fiscally re-*  
17               *sponsible policies that improve the economy's long-*  
18               *term growth prospects help reduce the size of budget*  
19               *deficits over a given period.*

20               *(3) The free market, where individuals pursue*  
21               *their own self-interests, has been responsible for great-*  
22               *er advancements in quality of life and generation of*  
23               *wealth than any other form of economic system. Fed-*  
24               *eral policies designed to grow the economy should thus*

1        *allow market forces to operate unhindered rather than*  
 2        *pick “winners” and “losers”.*

3        *(b) POLICY ON ECONOMIC GROWTH.—In the House of*  
 4        *Representatives, it is the policy of this concurrent resolution*  
 5        *to pursue policies that embrace the free market and promote*  
 6        *economic growth policies that—*

7                *(1) reduce Federal spending;*

8                *(2) expand American energy production;*

9                *(3) lower taxes that discourage work, savings,*  
 10              *and investment;*

11              *(4) deregulate the economy and enact reforms to*  
 12              *diminish bureaucratic red tape; and*

13              *(5) eliminate barriers to work so more Ameri-*  
 14              *cans enter (or reenter) the job market.*

15        **SEC. 5002. POLICY STATEMENT ON MANDATORY SPENDING**

16                      **REDUCTION.**

17              *(a) FINDINGS.—The House finds the following:*

18              *(1) The United States faces a significant debt*  
 19              *crisis, with the national debt currently exceeding \$36*  
 20              *trillion, or 123 percent of GDP.*

21              *(2) Since 2019, mandatory spending has in-*  
 22              *creased by 59 percent.*

23              *(3) This debt poses a significant risk to the coun-*  
 24              *try’s long-term fiscal sustainability, with implica-*  
 25              *tions for future generations.*

1           (4) *Mandatory spending currently accounts for*  
2           *over 70 percent of the entire Federal budget.*

3           (5) *The deficit for fiscal year 2025 is projected*  
4           *to be \$1.9 trillion, or 6.2 percent of GDP.*

5           (6) *This fiscal year, net interest will total \$952*  
6           *billion, or 3.2 percent of GDP.*

7           **(b) POLICY ON MANDATORY SPENDING REDUCTION.—**  
8           *In the House of Representatives, the goal of this concurrent*  
9           *resolution is to reduce mandatory spending by \$2 trillion*  
10           *over the budget window. If the combined deficit reduction*  
11           *provided by authorizing committees is below this target, it*  
12           *is the policy of the Committee on the Budget of the House*  
13           *that the instruction provided to the Committee on Ways and*  
14           *Means of the House should be reduced by a commensurate*  
15           *amount to offset the difference.*

16           **SEC. 5003. POLICY STATEMENT ON GOVERNMENT DEREGU-**  
17           **LATION.**

18           **(a) FINDINGS.—***The House finds the following:*

19           (1) *Regulations throughout the Federal Govern-*  
20           *ment have been a major issue for decades, continu-*  
21           *ously growing while negatively impacting the nation's*  
22           *economic and fiscal standing.*

23           (2) *Overregulation has consistently hurt small*  
24           *businesses, strangled domestic energy production,*

1       *weakened labor market conditions, and expanded gov-*  
2       *ernment overreach and costs on taxpayers.*

3               *(3) Real (inflation-adjusted) spending on regu-*  
4       *latory agencies has increased exponentially since*  
5       *1960. The total number of pages in the Code of Fed-*  
6       *eral Regulations (CFR) has increased from 22,877*  
7       *pages in 1960 to nearly 200,000 today. When com-*  
8       *pared to 1950, the CFR contained only 9,745 pages*  
9       *in 1950, making the size of the CFR today 95% larg-*  
10       *er than it was in 1950.*

11       *(b) POLICY STATEMENT ON GOVERNMENT DEREGULA-*  
12       *TION.—In this House of Representatives, it is the policy*  
13       *of this concurrent resolution—*

14               *(1) that Congress continues to examine ways to*  
15       *relieve the burdens of overregulation throughout the*  
16       *Federal Government;*

17               *(2) that Congress is ready to promote initiatives*  
18       *that will reduce government bureaucracy, enhance*  
19       *Federalism, and increase economic prosperity through*  
20       *deregulation;*

21               *(3) to not only reduce burdensome, costly regula-*  
22       *tions, but to also reassert the role of Congress; and*

23               *(4) to enact legislation through reconciliation*  
24       *that strengthens Congress, scales back Federal regula-*  
25       *tions, limits future bureaucratic red tape, and*

- 1 *unleashes economic growth, such as the Regulations*
- 2 *from the Executive in Need of Scrutiny (REINS) Act.*
