

## MCARE<sup>®</sup> MOBILE DEVICE MANAGEMENT

Every organization needs to see and control mobile devices entering their enterprise, which is why we created MCare<sup>®</sup> Mobile Device Management. Mercadien Technologies MCare<sup>®</sup> Mobile Device Management (MDM) is the fastest and most comprehensive way to configure devices for enterprise access and secure corporate data on smartphones and tablets — all from a single screen.

As a fully integrated cloud platform, MCare simplifies MDM with rapid deployment, visibility and control that spans across mobile devices, applications and documents.

Deployment is quick. In just a few clicks, you can start enrolling devices and immediately manage the entire mobile device lifecycle — from enrollment to enterprise integration, configuration management, monitoring and security, support while compiling analytics for reporting.
